

## Place Values

1. In the number listed below, which number holds the thousands place value?

25,794,038,451.021478

- a) 3
- b) 4
- c) 5
- d) 8

2. In the number listed below, which number holds the thousandths place value?

25,794,038,451.021478

- a) 1
- b) 8
- c) 4
- d) 0

3. In the number listed below, which number holds the millions place value?

25,794,038,451.021478

- a) 5
- b) 8
- c) 4
- d) 1

4. In the number listed below, which number holds the hundred thousands place value?

25,794,038,451.021478

- a) 4
- b) 0
- c) 7
- d) 2

5. In the number listed below, which number holds the hundred thousandths place value?

25,794,038,451.021478

- a) 4
- b) 0
- c) 7
- d) 2

6. In the number listed below, which number holds the ten millions place value?

25,794,038,451.021478

- a) 9
- b) 2
- c) 8
- d) 3

7. In the number listed below, which number holds the millionths place value?

25,794,038,451.021478

- a) 4
- b) 5
- c) 8
- d) 0

8. In the number listed below, which number holds the tenths place value?

25,794,038,451.021478

- a) 5
- b) 3
- c) 0
- d) 2

9. In the number listed below, which number holds the billions place value?

25,794,038,451.021478

- a) 2
- b) 7
- c) 4
- d) 5

10. In the number listed below, which number holds the tens place value?

**25,794,038,451.021478**

- a) 5
- b) 0
- c) 1
- d) 2
